

Frog Life Cycle Craft:

Materials (Optional- get creative!):

- Egg Carton
- Green or brown pipe cleaners
- Googly eyes (can simply be drawn or painted on)
- Green construction paper
- Green paint, markers, or crayons
- Glue
- Sharpie, marker, or pen
- Scissors
- Bubble wrap

Instructions:

1. Cut out your frogs, tadpoles, and pollywogs from egg carton. Color them green, give them eyes and a big mouth for munching bugs!
2. Cut out tails from green construction paper.
3. Make your frog and pollywog legs with pipe cleaners.
4. Cut out the tadpole and pollywog tails from construction paper.
5. Cut out some “eggs” from your bubble wrap and use your sharpie or marker to color in the yolks.
6. Arrange your critters together on a backdrop such as construction paper or a paper plate
7. Label them and proudly display your handywork in your home art gallery.
8. Go find their real-life counterparts outdoors!
